## WATCH YOUR STEP—

The soldier days may be over but it will still pay you to watch your step, to keep in line, to advance as the world advances.

Changes are rapid these days when man travels under the waters of the sea in U-boats and sails off through the clouds in an air ship, talks even to foreign lands by wireless telephone. Are you keeping step by keeping your funds at our bank and accepting all the modern banking facilities we have to offer? Or are you still carrying your money around on your person or hiding it in your home? Keep step. The world progresses.

BANK OF STATESBORO  
Statesboro, Ga.

## COUNTY SCHOOL NEWS.

The flu is playing havoc with most all the schools at the present time, and we cannot foresee just how long this condition will last. A number of the rural schools have already closed, and if it continues to spread, quite a number of the balance will have to close. The city schools in Statesboro have suspended for the present time.

Every teacher in the white school of the county is requested to come out and get a sufficient quantity of floor oil which is disinfected to properly oil the floors of the class rooms. This is always a necessary thing to do, but now it is imperative that the floors be oiled well, as the oiling will prevent the spread of colds, flu, etc. You will need for one-teacher school five gallons; two-teacher school, ten; a school like Brooklet should have not less than twenty; Portia and Register, fifteen gallons. Bring in cans sufficient for the amount you need, and get the oil and have it spread on at once. The oil will be furnished free of charge. All that is required is that you furnish the cans in which to carry it to the schools. Be sure to bring cans that will not leak. It will take a good can to hold it. If I am away, you will find the oil in the hallway of the center house in here. A faucet is inserted. Get the janitor to help you draw the oil, and leave a note in my office telling me how much you have gotten and for what school. Please do this at once. All the white schools. No excuse for delaying the matter now the flu is here.

Miss Fannie Lester is in attendance the National Educational Association in Cincinnati, Ohio, for the week. Miss Edith Osteen is a victim of the flu. She is with her parents at Douglas, Ga. She hopes to be back (25) (30) (31) (32) (33) (34) (35) (36) (37) (38) (39) (40) (41) (42) (43) (44) (45) (46) (47) (48) (49) (50) (51) (52) (53) (54) (55) (56) (57) (58) (59) (60) (61) (62) (63) (64) Entered as second-class matter March 25, 1900, at the postoffice at Statesboro, Ga., under the Act of Congress March 3, 1879.

TERMS OF SUBSCRIPTION: One Year—\$1.00 Six Months—.75 Four Months—.50 (Invariably in advance)

CARDS OF THANKS, Resolutions, Obituary Notices, Notices of Entertainments where admission is to be charged, or other notices not of general interest to the public and of a private nature, will be charged for at the rate of a cent a word.

THE CONGRESSIONAL RACE.

With Hon. W. W. Sheppard already in the race for congress on a platform opposed to the policy of the Democratic President and of a large majority of the Democratic members of congress, it is made plain that the people of the First District are to be given an opportunity to express their preference on the question of the League of Nations.

If Hon. C. G. Edwards gets in the race, which is now said to be probable, and Congressmen Overstreet is a candidate for re-election, it will be apparent that the advocates of the League of Nations will be at a disadvantage through a division in their ranks; therefore let it be hoped that some sort of understanding can be had among the supporters of these two last-named gentlemen.

There is no sort of doubt in our minds that the big majority of Democratic voters of the First District are with the Democratic administration on the League of Nations.

As honorable and loyal men are opposed to it, but Woodrow Wilson has the confidence of the masses. If those who favor the League of Nations can be kept together, there ought to be no trouble in sending a man back to Congress who favors it. For that reason, it is hoped that the friends of Congressman Overstreet and Mr. Edwards will effect an understanding between them.

DEMOCRACY AND PROHIBITION.

Announcement is made that an effort will be made by the anti-prohibitionists to divide the Democratic party with an anti-prohibition plank in its national platform. Gov. Edwards, of New Jersey, who represents the liquor element, has made the announcement, and he seems to take his words quite seriously.

Whether prohibition is or is not democratic, depends on the individual choice of the man rendering judgment. The word democratic is very elastic, and may be made to cover a wide range of ideas. According to the common acceptance, it may mean anything the people want it to mean. Certain it is, if a majority of the voters of the United States are opposed to the liquor traffic, it is not undemocratic to stop it. Whether liquor shall be sold is no more a question of principle than whether or not oil and dynamite and fire arms shall be sold. Anything that harms more than it helps, is certainly subject to be outlawed. If the advocates of the liquor traffic will establish in the court of public opinion that king alcohol is more helpful than hurtful, they ought to be able to put him back on the throne. There are millions of good men and women who honestly believe that liquor does more harm than good, and they are the men and women who are working to stop the traffic. It is not undemocratic to strive to do anything which may really be a public service, and it cannot be argued that the Democratic party has gone away from its moorings when it adopts national prohibition as a principle. If the party comes to it, it has the perfect right to move and carry its moorings with it. Mr. Edwards will not succeed in committing the party against national prohibition, and if he should do so, he will only the more completely insure its defeat in the election to follow next November.

IS HOOVER A DEMOCRAT?

The proposition to place the name of Herbert Hoover upon the ticket to be voted for in the presidential primary in this state in April, has occasioned some live and interesting discussions. Incidentally, while the debate rages over the question as to whether or not he shall be permitted to run as a Democrat, we are viewing with interest the political colors of those who are seeking to apply the measuring rod.

Not naming names, we are wondering whose Mr. J. J. Flynn, the chairman of the state organization, really became himself a true blue, dyed in the wool Democrat. Our recollection of him in the recent past is that he was hovering around the plate under

the wing of Democracy's arch enemy, Tom Watson, seeking the nomination to a state office through the influence of Watson, who always boasts of his independence of the party.

To be sure, Mr. Flynn may be lined up now for congress, and we hope he is; but we are wondering if he will be as zealous to prevent participation in the primary by the enemies of the Democratic party as he now seems to be to prove Mr. Hoover.

For ourselves, we are inclined to feel that party nominations ought to go to loyal party men, even as Mr. Flynn is now contending. We are willing to admit that Mr. Hoover might have some sort of advantage over a Simon pure Democrat in a nation wide contest, but we are wondering if it will be wise to give even a little way out of the ranks to find a candidate in the present emergency. We doubt if it will be wise.

GERMANY STILL HAS ARMY.

According to a report received at Paris by the Committee of Foreign Affairs, from General Niessel, head of the Baltic mission, the Germans still have an army of 400,000 men. In addition to that force they have 100,000 men in the police forces. It is reported also that Germany is well supplied with tanks, machine guns and airplanes. In the neutral zone alone, on the right bank of the Rhine, the police force number 15,000. General Niessel reported, The General added also that the German Minister of Defense, Neeke, is in the hands of the General Staff and that the German government is capable, if willing, of obtaining execution of the treaty clauses by the country. But the government is unwilling to make any more concessions to the Allies than is absolutely necessary, the General said.

ONLY FOUR MONTHS OIL SUPPLY IN STORE

NATION-WIDE THRIFT CAMPAIGN IN CONSERVATION OF OIL AND GASOLINE.

New York, Feb. 17.—America with only four months' supply of oil in storage faces the prospect of having to seek oil from foreign sources which are now showing a tendency to withhold their oil from the United States from their fields according to Van H. Manning, United States Director of Mines, in a paper read here today before the 124th annual meeting of the American Institute of Mining and Metallurgical Engineers.

George Otis Smith, director of the United States Geological Survey, at the same meeting, confirmed the statement of the director of mines and declared that the position of the United States in regard to its oil supply at the present time is "precarious." Mr. Smith estimated the supply still undeveloped, however, at enough for about 20 years. There are enormous quantities of oil in the shale beds in Colorado, Wyoming and Utah, it was explained, but Director Manning was doubtful whether economic production of this oil is at present possible.

Latin America, Great Britain, France and the Netherlands, it was said, control the main potential sources, and all of these countries have adopted policies tending to shut out those of other nationalities. Director Smith declared that American concerns should enter foreign fields not only with American methods, machinery and brains, but also with money and financial and operating control. A "wide open oil policy for all the world" was advocated by Director Manning, who urged the active projection of such a policy by the citizens and legislators.

Director Smith, in his address on "A Foreign Oil Supply for the United States," urged a nation-wide thrift campaign in the conservation of fuel oil, gas, and lubricating oil, all along the line of production and consumption by better methods in locating, drilling, recovery, transportation, refining and use. He pointed out that the new demand of the shipping program alone would call for oil in quantities equivalent to nearly one-half of the present domestic output.

Other papers presented at the sessions included discussions of oil production in Persia, the Philippines and Argentina, as well as in Ohio, Indiana, Kentucky, Tennessee, Pennsylvania and New York.

S. E. HELMUTH

S. E. Helmuth, aged about 55 years, died Wednesday afternoon at his home in the Shiloh district after a short illness.

Deceased was one of the best known citizens of the county, being one of the largest farmers of the Shiloh district. He is survived by his wife and a large family of children.

Transpass Notice.

All persons are forewarned not to hunt, kill, wound or otherwise trespass on the lands of J. J. Blitch estate in the 122nd district, under strict penalty of the law.

MRS. J. D. BLITCH.

## BOASTFUL MR. GOMPERS.

The position of organized labor is a big factor to be reckoned with in the coming campaign, and Mr. Gompers stands at the head of an "executive committee" of three to pass upon the qualifications of all candidates for office—from president down to members of the legislatures in the states. These three men claim that they have the authority of enough union men in the country to elect or defeat any candidate—and the president and autocratic Mr. Gompers, blessed and honored as "dancing and blushing" friends and enemies. He will attempt to say who is the friend or the foe of the common citizen. Meanwhile some of the best men of the country are working on an industrial plan will afford counts and trials for labor disputes and proper representation of all earners in industry. Mr. Gompers once undertook such a job, at the suggestion of the president, but walked out of the conference of which he was a member, in a huff.

## CLASSIFIED ADS.

SEED OATS—Burt seed oats for sale at Oliff & Smith's. (26feb11)

PREPARE for fighting the boll weevil. HOMER & BILL SIMMONS. (26feb11)

FOR SALE—Two good young males; pure bred Hampshire hogs. F. M. ROWAN, at Agricultural School. (26feb11)

Some one changed hats with me at the Baptist church Sunday morning. W. C. PARKER. (26feb11)

FOR RENT—Apartment of four rooms and bath, on South Main street, conveniently located. Apply "E" to this office. (12feb11)

FOR QUICK SALE—White enamel baby carriage, practically new. Phone 62, W. D. ANDERSON. (26feb11)

## SOUND BUSINESS BASIS FOR CHURCH

Interchurch World Movement  
Natural Growth Of Tendency  
To Eliminate Waste

AVOID USELESS COMPETITION

Religious Financing Revolutionized  
By Success Of Men And Millions  
Movement And Cooperation  
Is Result

The Interchurch World Movement of North America is an effort by the various denominational churches of the United States to combine their resources and efforts in order to eliminate waste and avoid useless competition.

Historically it is the joint effort of the various denominations to form workable alliances among themselves, in which each church shall preserve its identity and control its own personnel and treasury.

In former times, the home mission society, the foreign mission society, the church extension society and the various philanthropic and eleemosynary societies of any denomination conducted their affairs independently of one another. Each surveyed its own restricted territory, prepared a budget of money and workers for its own purposes and made its own appeal to its constituency for support.

This could only mean that these agencies were more or less in competition with one another; that there were waste and duplication of work and money, and that among them all some work was neglected and some denominational resources were entirely overlooked. Because of their specialized training, the leaders of each agency regarded themselves as peculiarly fitted for their tasks, and jealously guarded attempts at outside interference.

Decide On Experiment  
After decades of such haphazard methods, the leaders of one denomination decided on an experiment. They thought it would be possible for the agencies to get together for a common study of all the opportunities and resources of their brotherhood, to make out a unified budget of men and money, and to conduct a concerted appeal for funds. It was made clear that each constituent board should preserve complete autonomy.

When the board representatives met they found it possible to eliminate a great amount of organization expenses. They ultimately worked out a budget and plan of campaign that was satisfactory to all. This resulted in the famous "Men and Millions Movement" of the Disciples of Christ, which brought in what was then considered the staggering sum of \$6,000,000 for a five-year program.

The members of the communion were so pleased with this businesslike method of conducting affairs that they contributed even more generously than had been expected.

The success of this enterprise revolutionized the whole business of church financing. The other great denominations immediately adopted the plan. The denominational associations have come to be known as "forward movements," and some thirty of them are in existence today. Each one has clarified all the information in relation to enterprise within the denomination, and has reduced the business of collecting and spending money to a science.

World-Budget Formed  
The Interchurch World Movement is simply a plan to do interdenominational work. It is a plan to do what the various denominations have done within the various communities. It means that every denominational budget will be made in the light of world needs instead of in the light of local needs. It means that contributions to one denomination will not be in waste, but will be used for the benefit of the world. It means that all the denominations will have worked out their program together.

The functions of the Interchurch World Movement are threefold. First, it collects, by means of world surveys, all the pertinent facts on which denominational programs may be built. Second, it sets up the practical machinery of cooperation. Third, it acts in an advisory capacity whenever its advice is requested.

The movement has nothing to do with organic church union or matters of creed or doctrine. Each constituent unit preserves complete autonomy, and is bound only so far as it wishes to be bound. Financial appeals are made by each denomination to its own constituency. Any surplus in undesignated funds, over and above the actual cost of administration, will be prorated among the denominations engaged in a given financial undertaking.

An illustration of one thing the movement can do is to be found in a western community of 1,000 persons in which thirteen denominations have been supporting separate churches with missionary funds, while an adjacent territory of 50,000 persons has only three churches. By seeing that all missionary funds are supplied with information in such cases, the movement will make possible a wiser distribution of funds.

Its first goal is to reduce unnecessary duplication and overlapping in a minimum and to bring about an intelligent division of labor in unoccupied fields.

## Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

### EXECUTOR'S SALE.

GEORGIA—Bulloch County. Agreeably to an order of the court of ordinary of said county granted at the January term, 1920, term, the undersigned as executor of the will of C. C. Simmons, deceased, will sell before the court house door in Statesboro, Ga., on the first Tuesday in March, 1920, within the legal hours of sale, the following described property belonging to said deceased:

One certain tract of land situated, lying and being in the 120th G. M. district, containing 58 acres, more or less, and bounded as follows: On the north by lands of Tom Allen and J. W. Williams, on the east by lands of S. F. Olliff estate, on the south by

lands of R. Lee Moore, and on the west by lands of Mike Waters and Tom Allen.

Terms of sale, cash. This 3rd day of February, 1920. JOE S. BRANNEN, Executor.

You Can't Fool The Mothers. No one remedy would stand a lead for so many years as has Foley's Honey and Tar if it could not be depended upon to relieve coughs, colds and croup. It breaks and soothes, eases hoarseness, stops that coughing that strains the whole body and breaks colds and coughs. Children like it. Contains no opiates. Sold by Bulloch Drug Co.

### FARM LOANS

We make loans on improved farms at the lowest rates of interest and on long time. Right to pay part each year.

Beats the government farm loan. See us when you want money. We meet all competition.

BRANNEN & BOOTH

## ROYSTER'S FERTILIZERS

—FSR— Have stood the test —FSR—

## Because---

I maintain three very extensive chemical laboratories in which all materials are thoroughly tested. No harmful materials can ever enter into Royster goods. Our home and foreign markets are picked over for the choicest raw materials; then I formulate them in just the proportion which my life-time experience has found to be best for each crop for which the fertilizer is intended. The results of all this care is, naturally, a complete mixture which is really the "last word" in fertilizer. So, you see, I am justified in feeling proud of the Royster Products, which come from our fifteen up-to-date plants.

## POMEROY MAKES MANY CONVERTS IN ATLANTA

HIS PROPHECIES AND THEORIES ARE BORNE OUT BY THE PAST WEEK'S EVENTS—MANY ATLANTA PEOPLE CALLING ON HIM TO THANK HIM FOR RESULTS FROM PURATONE.

Atlanta—Great throngs are calling daily at Jacobs' Pharmacy to meet John Pomeroiy, the noted New Zealand scientist and explorer, who is visiting Atlanta, to learn more about his famous medicine Puratone, and to get the benefit of his advice.

Mr. Pomeroiy, in speaking of Puratone, said:

"If every person would take the proper tonic from time to time we would have a more healthy and robust nation. It is easier to prevent ill health in this way than to wait until you become so run down that you are really unfit to perform the manual and domestic duties of ordinary routine life. My Puratone supplies the human body with the nutritious elements which are lacking in the food you consume daily. You need a tonic that will not only supply the nutritious elements required to keep the body healthy, but it must be capable of neutralizing and dispelling from the system the hydrochloric acid from the stomach, which, if allowed to remain, poisons the blood and is certain forerunner of ill health."

"I have spent years in special research work and have visited all parts of the globe to obtain herbs, roots, barks, berries and blossoms which would supply the elements required for the human body and at the same time neutralize the ill effects produced by the modern foods now being consumed by the average man or woman. I realized years ago that it was of no use to advocate dieting, as not one person in a thousand will consent to such living, as it becomes so monotonous and unpalatable; so the only alternative was to perfect a tonic that would take care of the ill effect produced by the non-dieting method of living. Hence my creation of Puratone."

Many people are already coming

back to tell Mr. Pomeroiy of the benefits they have derived from Puratone, and to tell him of their gratitude. This, however, did not seem to surprise him, because he said:

"When I came to Atlanta, I predicted that thousands of people would buy my medicine and then come here again and thank me for the good it does them. I am gratified to find that my promises are being fulfilled and I want to say that the way the people of Atlanta are responding, makes me feel that Puratone is going to be even more successful here than in other cities where it is enjoying such enormous sales. I firmly believe that from three to four thousand people will call to get Puratone during the present week."

"I tell you, when a medicine actually makes sick people well, it is bound to be a success. Everybody wants to enjoy good health, and Puratone is going to give it to them."

Puratone is sold in Statesboro by Bulloch Drug Co., and by one leading druggist in every town.—adv.

One-half undivided remainder interest in that certain tract or parcel of land situated, lying and being in the 46th G. M. district of said county, containing twenty acres more or less and bounded as follows: North by lands of J. W. Bensley, east by lands of J. W. Bensley, south by public road known as the Louisville road, and west by lands of J. W. Bensley. Terms will be made known on day of sale.

J. S. BEASLEY, Administrator. (29)altre

### AMERICA MUST PAY, UNDER AN AGREEMENT, FOR GERMAN SHIPS

United States Will Have To Put Up Twenty To Thirty Million Dollars To Hold Seized Vessels

Washington—Definite confirmation has been obtained from authoritative sources here that the United States, under the international shipping agreement, ratified to the senate by President Wilson, will have to pay into the German reparations pool from twenty million to thirty million dollars for retention of the German ships seized in American harbors at the outbreak of the war.

According to best interpretation of the vital section 4 of the agreement signed by the president and Premier Lloyd-George May, 1919, and laid before the senate in response to a resolution, the United States will be called upon to reimburse the allies for approximately 350,000 tons of shipping in the final settlement, which gives this country complete title to the former German ships. From a source thoroughly acquainted with the shipping arrangements by the United States will be called upon to reimburse the allies for approximately 350,000 tons of shipping in the final settlement, which gives this country complete title to the former German ships.

League Or No League To Be The Issue  
Washington—The lid is off. Political debate that is expected to be re-opened in the far corners of the nation until the election day next November began in the senate. Confessions by Democratic and Republican leaders of their despair of compromise rattles, coupled with the action of the New York Republicans on the treaty, led to admissions on all sides that the die is cast. The league of nations is now to be carried to the polls. The "solauna referendum" urged by President Wilson is in order.

Carranza Receives American Delegates  
Mexico City—American delegates to the United States-Mexican trade conference have been received by President Carranza, who expressed gratification over the conference, saying he hoped it would not only bring closer commercial relations, but cement the friendship between the two governments. Although the conference closed five days more than a week ago, and our delegates have remained here, taking side trips to other cities to favor trade business conditions generally.

## AYS SHE THREW HER MONEY AWAY

MRS. PARKER SPENT HUNDREDS SEEKING HEALTH—TANLAC RESTORES HER.

"My troubles have been completely overcome since I began taking Tanlac and I am enjoying the best health I have had in twenty years," said Mrs. M. Parker, of 423 Third St., Los Angeles, Cal.

"I spent several thousand dollars for medicines and treatments," she continued, "but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for twenty years and all my trouble was caused by the awful condition of my stomach. A great part of the time I was confined to my bed, simply too weak to be up. I could eat but very little, and that disagreed with me so I suffered terribly from gas. To make matters worse, I was attacked by rheumatism in my arms and legs, which caused me no end of pain and misery. I never got a good night's sleep and became extremely nervous."

"Well, I have just finished my fourth bottle of Tanlac and it is wonderful the way I have improved. Why, I feel so well and strong I do all my household work without the least trouble. Last week I actually did the family washing and it has been many years since I did a thing like that. My appetite is fine and nothing disagrees with me. I sleep restfully and get up feeling refreshed every morning. The rheumatism has entirely disappeared and Tanlac deserves every bit of the credit."

Tanlac is sold in Statesboro by W. H. Ellis Co.—adv.

## BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two minute cold and cough remedy, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, root and tye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. Watch you watch in your hand, take the drink at one swallow and call for your money back in two minutes. You can't feel your cold falling away like a dream within the first hour. Don't be lousy for all druggists' advice. You expect you to try it. Everybody's doing it.

When your cold or cough is so bad, take the remainder of the bottle in your wife and babies. Aspirinal is by far the safest and most effective the world has ever known for infants and small children.

## Hastings' 1920 Seed Catalog Free

It's ready now. One hundred handsomely illustrated pages with brilliant color in natural colors. It is both beautiful and helpful, and all that is necessary to get it is a postal card. You will find our 1920 catalog a well worth while seed book. Hastings' Seeds are sold direct by mail. You will never find them on sale in the stores. We have some five hundred thousand customers who buy from us by mail. We please and satisfy them, and we can please and satisfy you in 1920.

Planting. Hastings' Seeds in your garden or in your fields insure "good luck" so far as results can be determined by the seed planted. For 30 years Hastings' Seeds have been the standard of seed excellence and purity in the South. Only seeds adapted to the South are listed. Quality of the best and prices often less than those you pay at home. Write for free copy of this splendid catalog now. H. G. HASTINGS CO., Seaside, Atlanta, Ga.—(Adv.)

## The Smaller Cars—and the World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest priced cars, embody a higher relative value than do Goodyear Tires in the 30x3, 30x3½, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes, are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double Cord \$20.00  
Fabric, All-Weather Tread

30x3½ Goodyear Single Cord \$17.65  
Fabric, All-Weather Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that will carry any load properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less quality. 30x3½ size in 10" width. \$3.90 each.

GOOD YEAR
